**FROM THE DIRECTOR’S DESK**

As the leaves continue to fall in this Autumn weather, we hope you continue to turn the pages of the books you are reading from the Commack Public Library. If you are not turning the page of a book from the Library, we hope you are listening to a CD or a book on CD, watching a DVD or downloading materials from the Commack Public Library home page. If you are not doing any of that, I hope you are attending programs at the Library or borrowing museum passes that provide your free admission to over twenty museums in the Long Island and New York City area.

Happy Thanksgiving to all of our community and a special thank you to all our veterans!

Dozens of unforgettable holiday tunes, from “White Christmas” to “Santa Claus Is Coming To Town,” were written in New York in the mid-20th century. Songwriters like Irving Berlin and Johnny Marks, many of them new Americans from diverse religious and ethnic backgrounds, contributed a secular style of holiday celebration that helped sustain America through the Great Depression and World War II. Christmas music buff Warren Strugatch will talk about why holiday music matters, sharing the style of holiday celebration that helped sustain America through the Great Depression and World War II. Building social relationships may extend the years of our lives and enhance the quality of our years. With this in mind, social worker Marjorie Cohen and recreational art therapist Denise Giancotti created “Hearts in Hand Community Connections Groups” to offer opportunities for women to share, learn and grow. They have designed an interactive program utilizing focused discussion as well as hands-on creative experiences to heighten the richness and enjoyment of life. This program, which is planned to meet monthly, is open to anyone who wishes to expand her personal interests and widen her social circle of support.
